

Botan::TLS::Extension

```
graph BT; A[Botan::TLS::Certificate_Status_Request] --> B[Botan::TLS::Extension]
```

The diagram illustrates an inheritance relationship between two classes in the Botan library. At the bottom is a box labeled 'Botan::TLS::Certificate_Status_Request' with a light gray background. A blue arrow points vertically upwards from this box to a second box at the top labeled 'Botan::TLS::Extension' with a white background. This indicates that 'Botan::TLS::Certificate_Status_Request' inherits from 'Botan::TLS::Extension'.
